

Personalized Restoration

Resolving The Impact of Identity Theft

The historic number of data breaches and the identity crimes that follow means we all face a 1 in 4 chance of experiencing identity theft¹. Now is the time to understand how to counter that risk. When identity theft happens to you, your employees, your customers or anyone you care about, the damage at work and at home is real.

Consequences of Identity Crimes²

26%

were unable to pay bills

33%

could not meet a need and went without

26%

were turned down for credit or loans

24%

borrowed money from family and friends

Committed to Restoring Identities

Even with the best safeguards in place, no one can completely protect against having their identity compromised. Having your identity stolen can be a disturbing, frustrating and vulnerable experience – unless you have an identity protection plan in place. That's where our top-rated identity restoration service³ comes in. Our comprehensive approach covers three phases of identity restoration: Discovery, Mitigation/Resolution and Protection.

With our personalized, fully managed restoration service, we deliver peace of mind by delivering proven, effective recovery into all of our identity theft protection products and services.

Experienced

If your identity is compromised, you'll be connected to one of our Resolution Specialists. Our experienced team has seen just about anything you might face.

Dedicated

We take your identity theft or fraud claim personally. That's why you'll be assigned a Resolution Specialist until your issue is resolved completely.

Secure

Our people, processes and systems follow strict security measures and use triple-layer encryption so your personal information is protected at all times.

High-Touch

Working with one of our Resolution Specialists, you'll never worry about where you stand. From first contact until completed restoration, your satisfaction matters most.

93% customer satisfaction rating for our proven, personalized restoration services⁴
